

Ziriüz arrain ttipia

3.Ügotsoa

Ziriüzek xahalboka hanitx kürütxatzen dü errekaren iraixtean. Igela, horien ama, ez da haboro hurrean bizi bena bai lürraren gainean. Hürrünxago, zühainez üngüratürik den hurbildü edo lako batetara heltzen da. Hor berriz kabale hanitx bada ! Ziriüz lasaiki beste arrainen artean igerixkan ari da, bat batean güziak ezkapatzen direnean. Arrain ttipia bera da eta ez daki zër agitzen den. Harritürik da eta ez daki zergatik beste arrainak ihes joan diren. Ordüan, ikusten dü beregana hüilantzen, bürü lüze bat düan animaleko arrain bat. Ügotsoak Ziriüz jan nahi dü. Ordüan Ziriüz ezkapatzen da eta gordagia bat txerkatzen dü. Maleruski gordagia güziak hartürik dira, eta arrain ttipiak harritürik oroetan güne bat txerkatzen dü, ügotsoa gibeletik düalarik. Akenean harri baten gibelean gordatzen da. Bere gordagiatik, Ziriüzek arrain lodia bere ondotik igaiten ikusten dü; doietarik ezkapi da!
